

5 X 32 ft Banner for a Protest

- * 10 rolls of regular Black Duct Tape or more depending on your slogan
- * Two 8 x 10 white tarps
- * Grommet puncher
- * Scissors
- * Markers (thin Line)
- * Zip-Ties

Download our letter template to use as a guide. Several Letters go beyond the page but you can flip it to finish the other side. There are 2 choices to download, one Pdf file or the folder. The Pdf file can let you run all the letters or you can use the folder to just select specific letters. Both files are zipped (right click on them to extract the file) after you download them to your computer.

These letters have been enlarged for you ,and your best option is to find a copier that supports 11 x 17 inch output. You will need to “tile print” each letter. We have split the letters into 2 sections, so each letter is a total of 4 (11 x 17) printouts. Ask for help to set up a copy machine to tile the printout or even better, find an large er printer.

Watch the video to get an idea of what you are about to do. Print your letters out , tape them together to see how your spacing looks . Take a step back and squint to see how it reads from a distance. If you have a large glass sliding door, use it to copy the letters to the tarp by letting light from the backside shine through the copy of the letter and tarp.

Good luck , send us photos of your protest crew on our social media!

If our efforts saved you a bit of time & you'd like to treat us to a....

Thank You in advance !
